The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

12 AUG. 1936

Subject:-
Water charges at Nandi Hill Station.

Sir,

I have the honor to report that water was being supplied to visitors in Bungalows at Nandi Hill Station at the rate of three pies a pot with a view to cover the cost of maintaining bullocks which were employed for the purpose and controlling the source of water. Now that a water pump has been installed, the difficulty for supplying water has been solved and the bullocks have been dispensed with and the connected expenditure avoided. The supply of water is now being controlled by opening the taps for use only at fixed hours and there is absolutely no fear of the water source running short. I therefore request that orders of Government may kindly be obtained to supply water free to all the visitors.

I have the honour to be
Sir
Your most obedient servant,

Superintendent

G. G. RY. 9 JAN 1937 GOVT. OF MYSORE.

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e .

Sir,

With reference to your letter No.D 3776/GG 15-36-4 dated 9th-December 1936 enquiring why the receipts in respect of supply of - water to the bungalows on the Nandi Hill Station during 1935-36 was low as compared with previous years, I have the honor to state that prior to the installation of Electric Motor on the Nandi Hill Station water was being distributed to the several bungalows by means of - bullocks and a small fee at the rate of 3 pies a pot or one anna a - bullock was being collected from the visitors according to the number of pots supplied to them. When pumping installation was introduced as per G.O.No.E 2207-9/GG 40-35-3 dated 12th February 1936 the then existing system was dispensed with. Pipe lines were laid out and water is being supplied since 1-4-1936 free to several bungalows thereat. It is on this account the receipts under this item during 1935-36 has fallen down.

I have the honor to be
Sir
Your most obedient servant,
